Hi Cathy,

Do we have any reports detailing the presence of radioactive materials at Bethpage? We are trying to determine drinking water quality impacts at nearby systems.

Thank you,
Dan

Hi Dan,

I am sharing the folder "Bethpage sites data from EQUIS" in OneDrive, you can see some data reports in the requested sites.

Please let me know of any questions,

Best Regards,

Cathy,

Would it be possible to add all the data on a shared drive, such as you have the G drive for all EQuIS submittals, or use onedrive? Would that be easier?

Hi Dan,

That's too much of the data, can I generate some reports to you by years instead?

Thanks,

Cathy, would you be able to send Dan D'Agostino (copied) the EDDs for Bethpage, Claremont and American Louvre? He's not sure what fields would be most helpful at this point, so I would just send him everything. Thanks so much! Good luck to you, Dan!
